

# Friends Together!

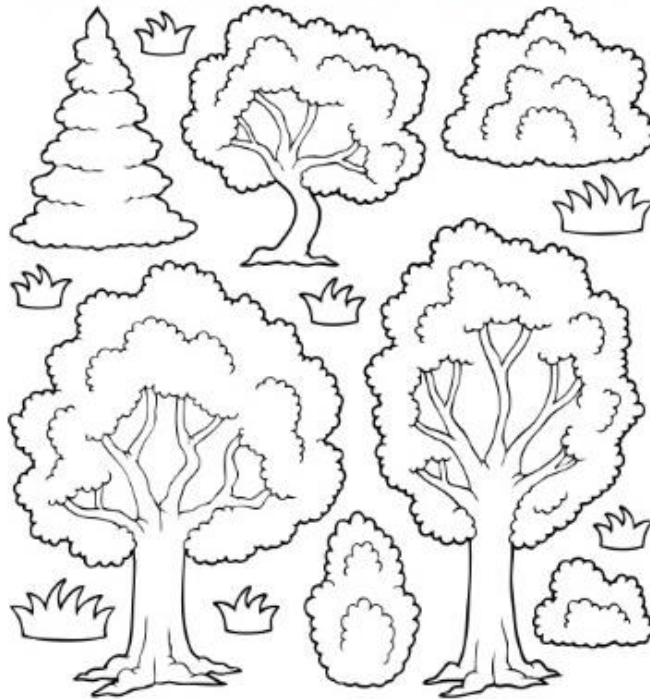

Colouring, puzzles and fun with your friends from Little Chestnuts Wood!

## Helping

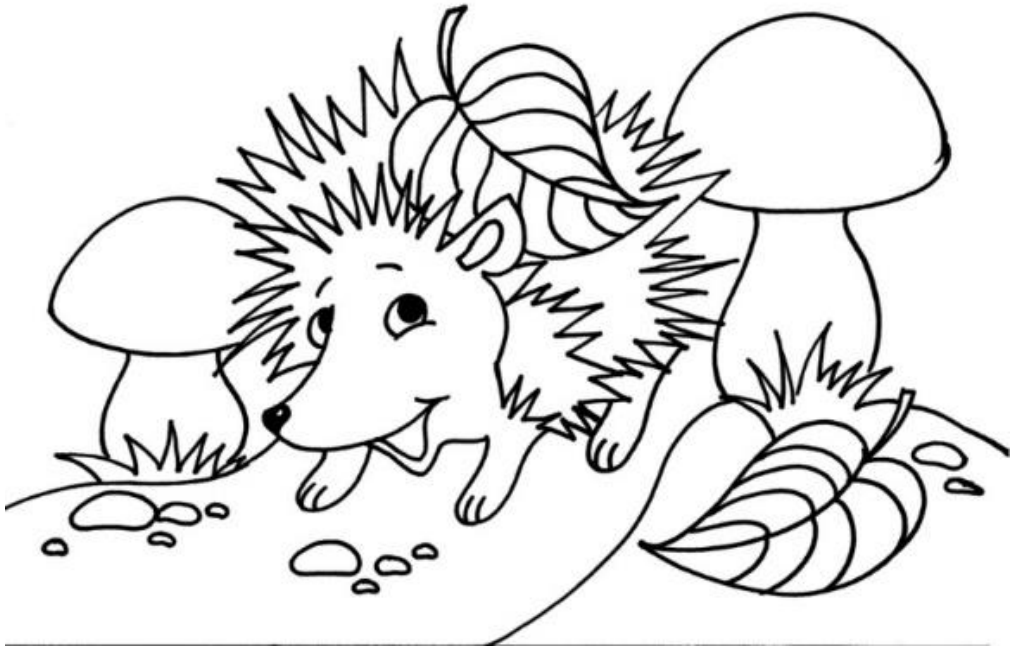

Can you help Lucy Ladybird find her way to the house?  
Draw a line to show her the way through the maze.

The trees in the woods are not all the same. They are different sizes and colours. Colour the trees different colours.

Henry Hedgehog loves playing in the leaves.

How many fir cones? How many acorns? How many chestnuts?

## Sharing

Help Sammy Squirrel share the chestnuts with his two friends. How many can they have each?

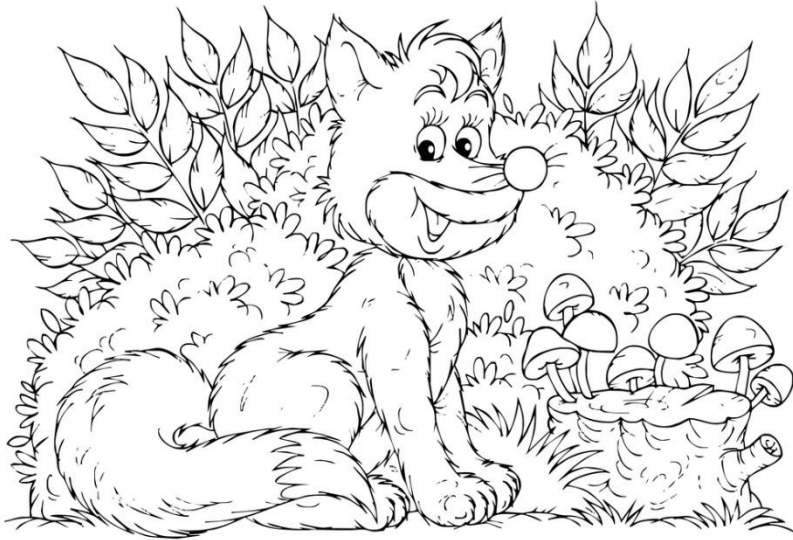

## Caring

Daisy Duck has two baby chicks to look after.

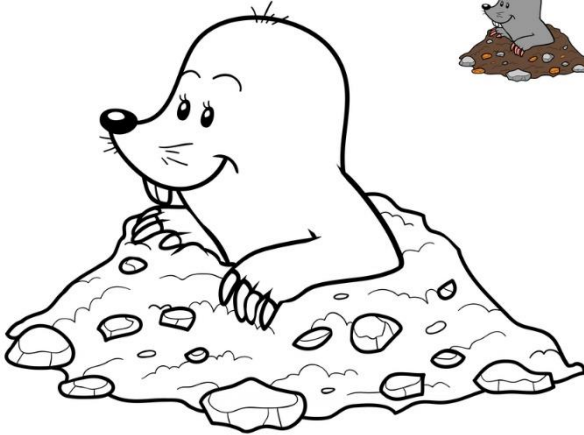

## Helping

Can you help Felix Fox count the toadstools on the log and then colour the picture?

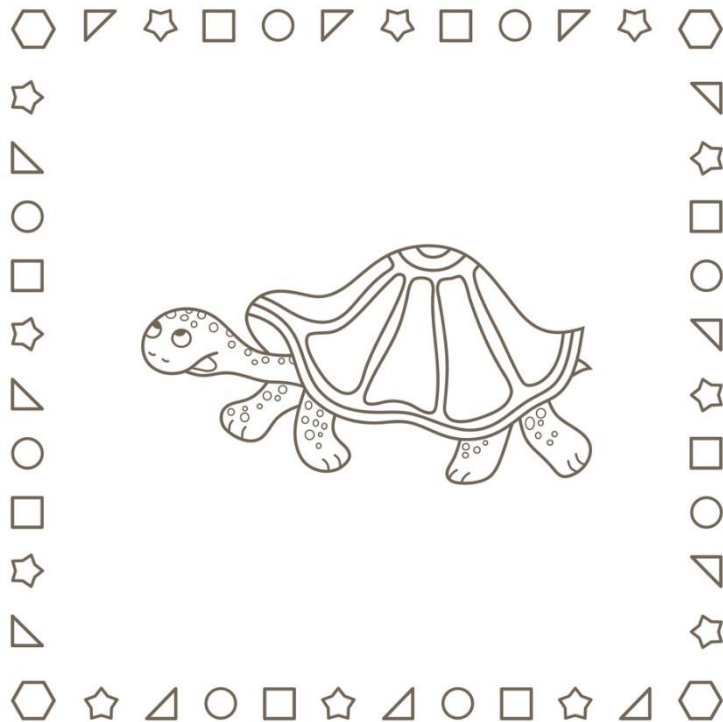

## Friendship

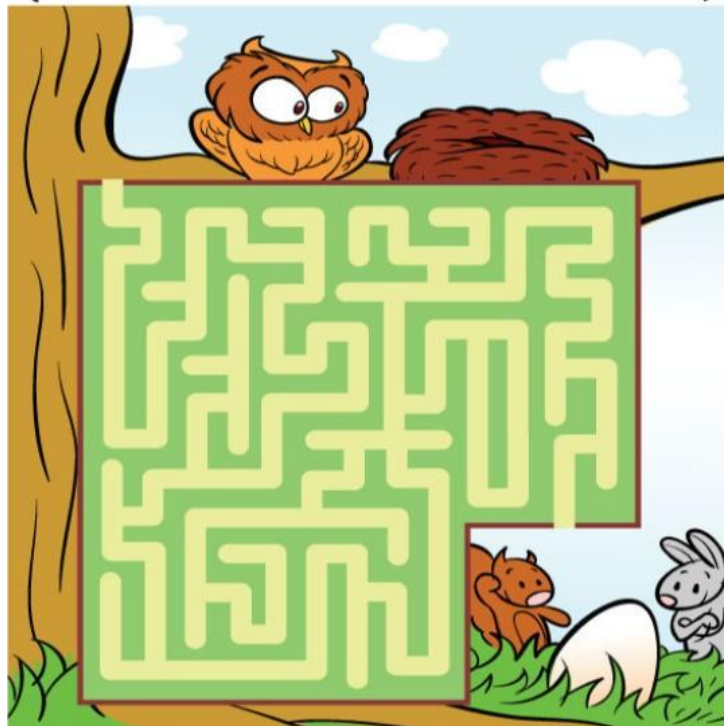

Minnie Mole loves playing with her friends. Her favourite game is hide and seek. Moles live in tunnels underground. Colour Minnie Mole peeping out of her mole hill!

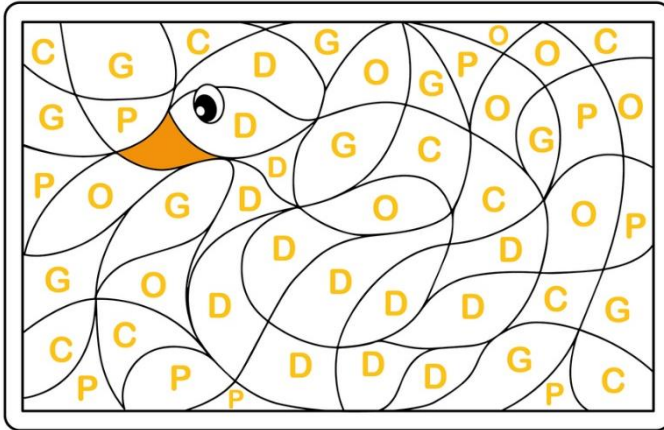

Tina Tortoise is learning about shapes. Do you know the names of the five different shapes in the picture frame around her?

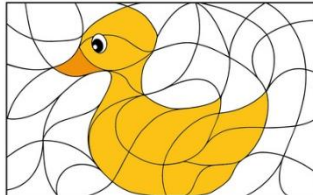

Help Ollie Owl find the way through the maze puzzle.

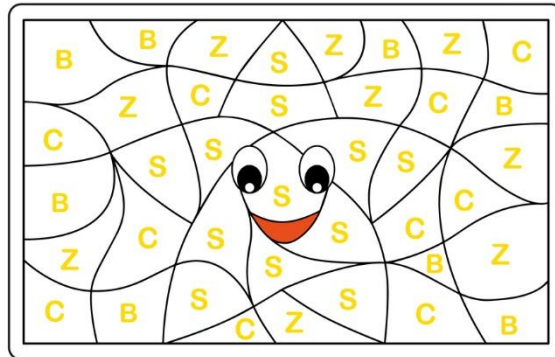

Colour the sections with a D yellow to see Daisy Duck.

Answer  
DUCK

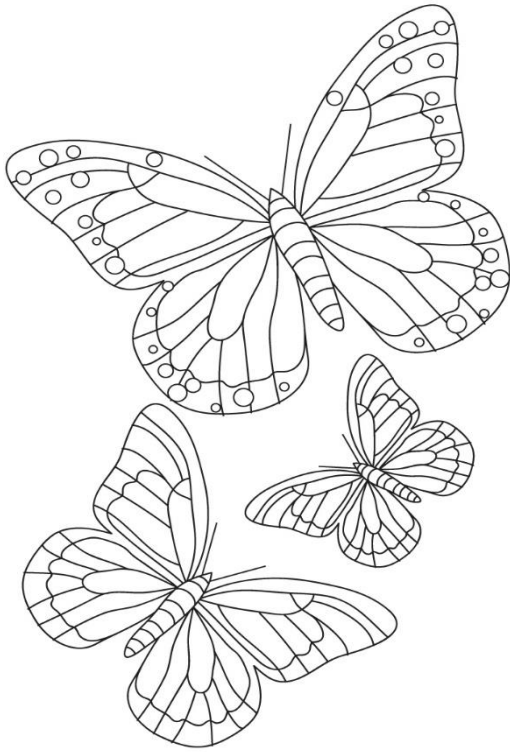

Colour the sections with an S yellow to see a star.

Answer  
STAR

Being yourself.

Yasmine butterfly and her  
friends are all different  
colours. Colour each butterfly  
with different colours!

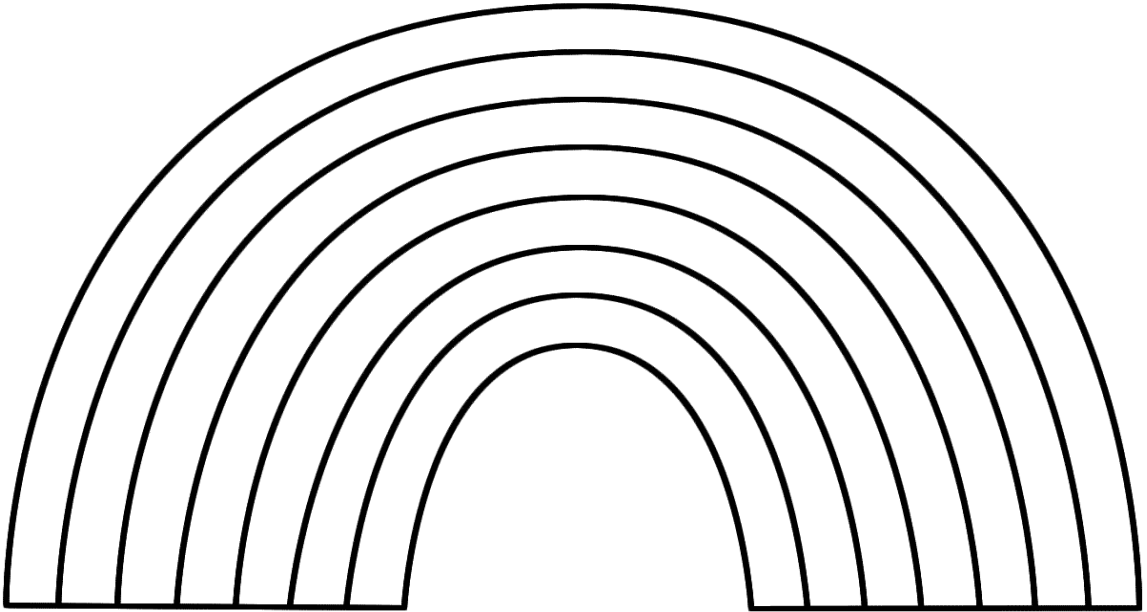

Draw and colour.

Ollie Owl needs a branch to sit on. Can you draw one under his claws?

Colour the rainbow in seven different colours.

Can you spot the differences in these picture?

Draw lines between words that rhyme eg 'mole' and 'hole'.

 mole	 hole	 bee	 tree
 mouse	 frog	 fox	 snail
 house	 log	 box	 tail
 chick	 stick	 sky	 fly
 toad	 road	 bug	 hug
