a

Annie ant found an apple green.
The yummiest she'd ever seen!

b

Billie bird just loves balloons,
He found one in a tree.
He flew right up and rescued it,
And brought it home to me!

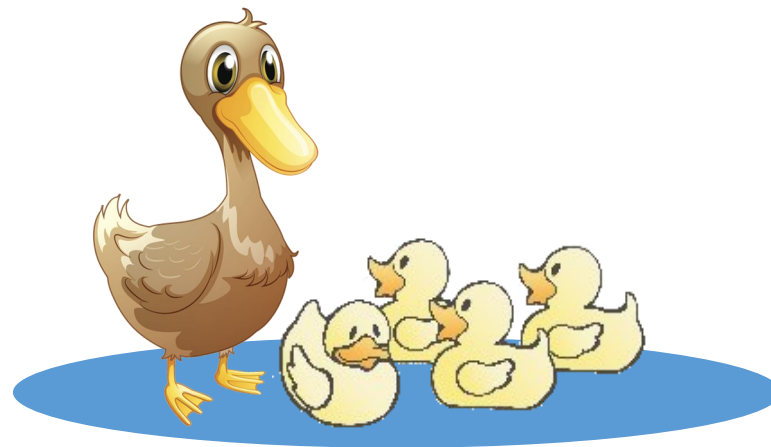

C

Where is Clive the caterpillar? Is he on that leaf?
Can you see him on a twig? Or is he underneath?
Where is Clive the caterpillar? He's good at hide and seek.
Perhaps he's by the watering can—let's go and take a peek!

d

Daisy duck loves swimming on the water with her baby ducklings.
Play Daisy's colour game and name all the colours in the rainbow.

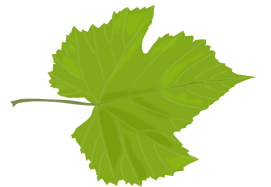

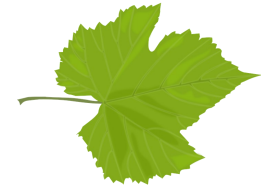

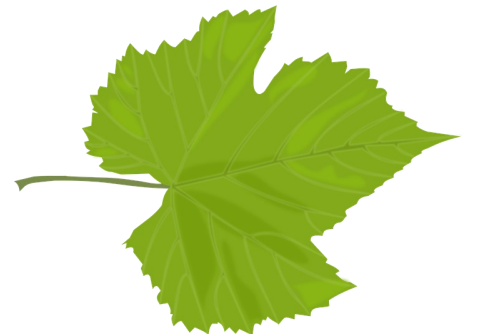

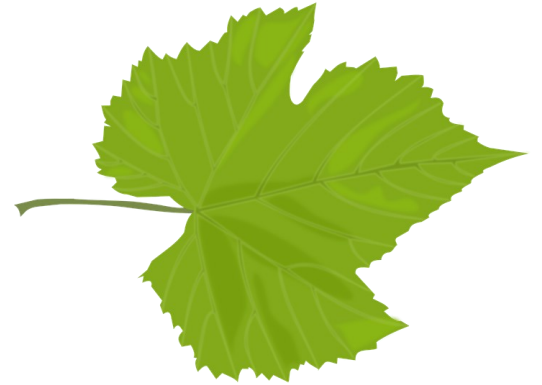

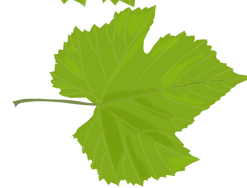

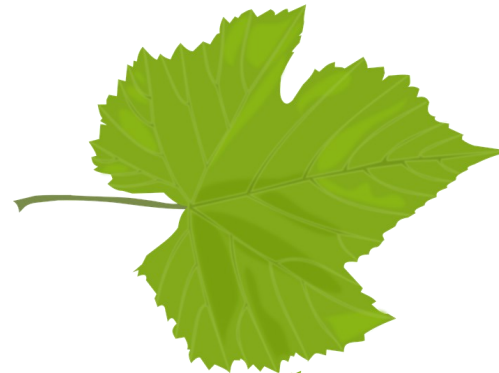

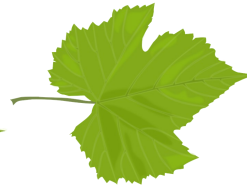

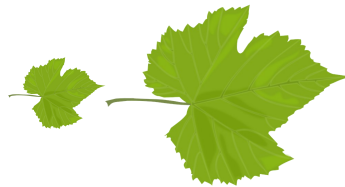

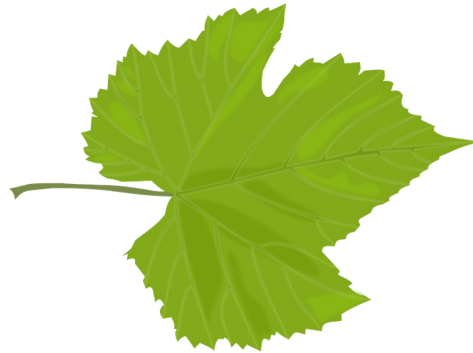

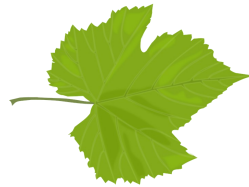

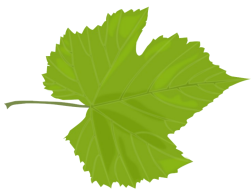

e

Play Eddie Bee's 'small, medium, large' game.

How many small leaves are there?

How many medium leaves are there?

How many large leaves are there?

f

How many things beginning with F can you see in the picture?

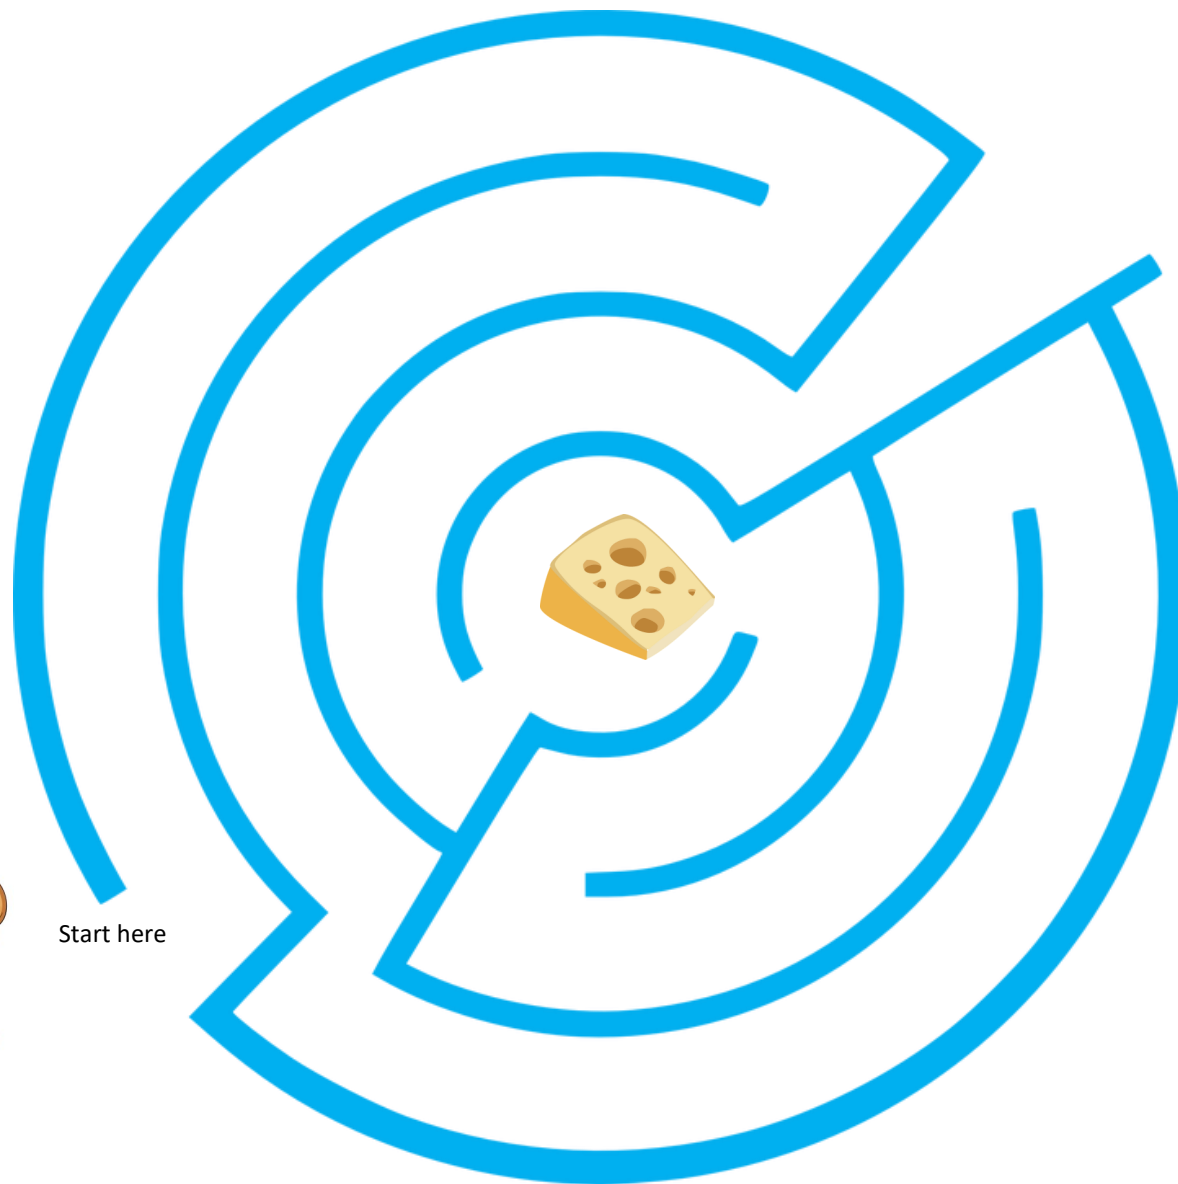

9

Can you help Gita mouse find her way to the cheese in the middle of the maze?

Start here

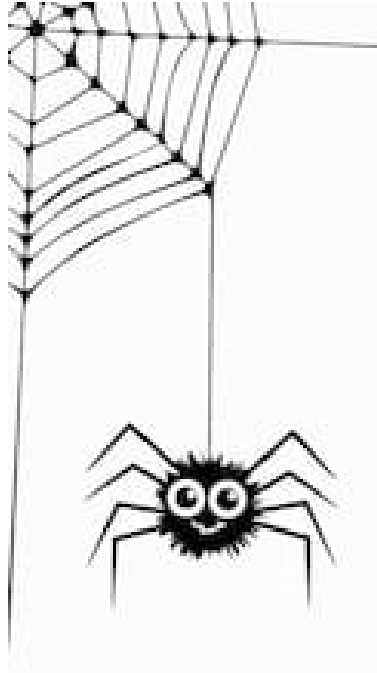

h

Can you find Henry hedgehog in the two pictures
of Little Chestnuts Wood?
How many differences can you spot in the two
pictures?

Main image and characters: Richard Hawkes. Hedgehog: Molesko Studio / shutterstock.com

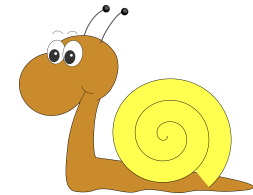

i

Can you play Izzy spider's 'fast or slow' game?

Look at the pictures below.

Which animals or creatures are fast and which are slow?

L

Here is Jenny badger's Alphabet Letter Match chart!
All the letters are next to the wrong pictures.
Which letter sound does each picture begin with?
Which letter should be next to each picture?

K

Meet Kip the kingfisher

Did you know these facts about kingfishers?

There are about 90 different kinds of kingfishers.

They live along banks of rivers and lakes, forests and open woodland, a few species along seashores or in deserts.

They usually hunt for food in early morning or in the evening.

They like to eat fish, insects, worms.

They live in burrows and not nests.

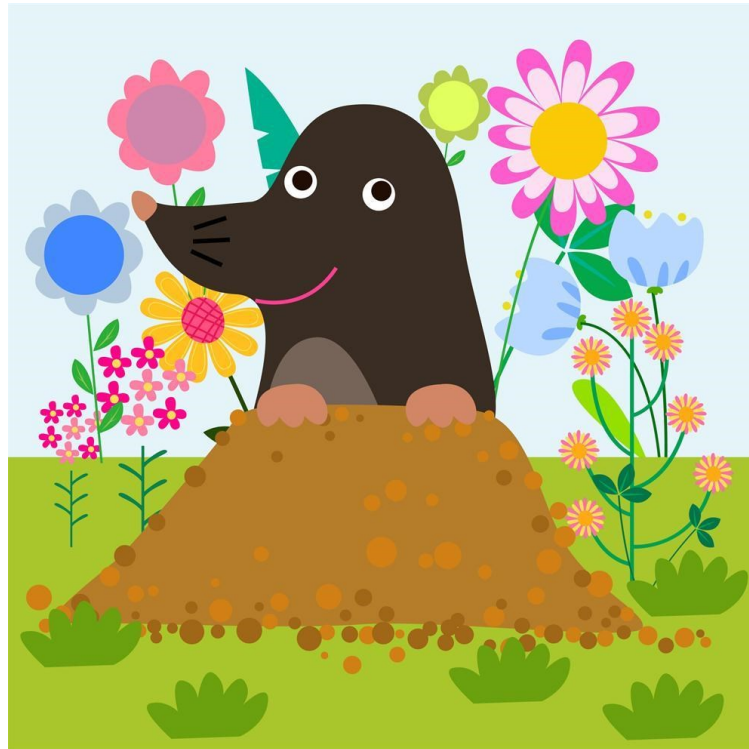

L

Lucy ladybird might eat leaves.
Lucy ladybird won't eat peas.
Lucy ladybird loves to munch
On yummy aphids for her lunch.

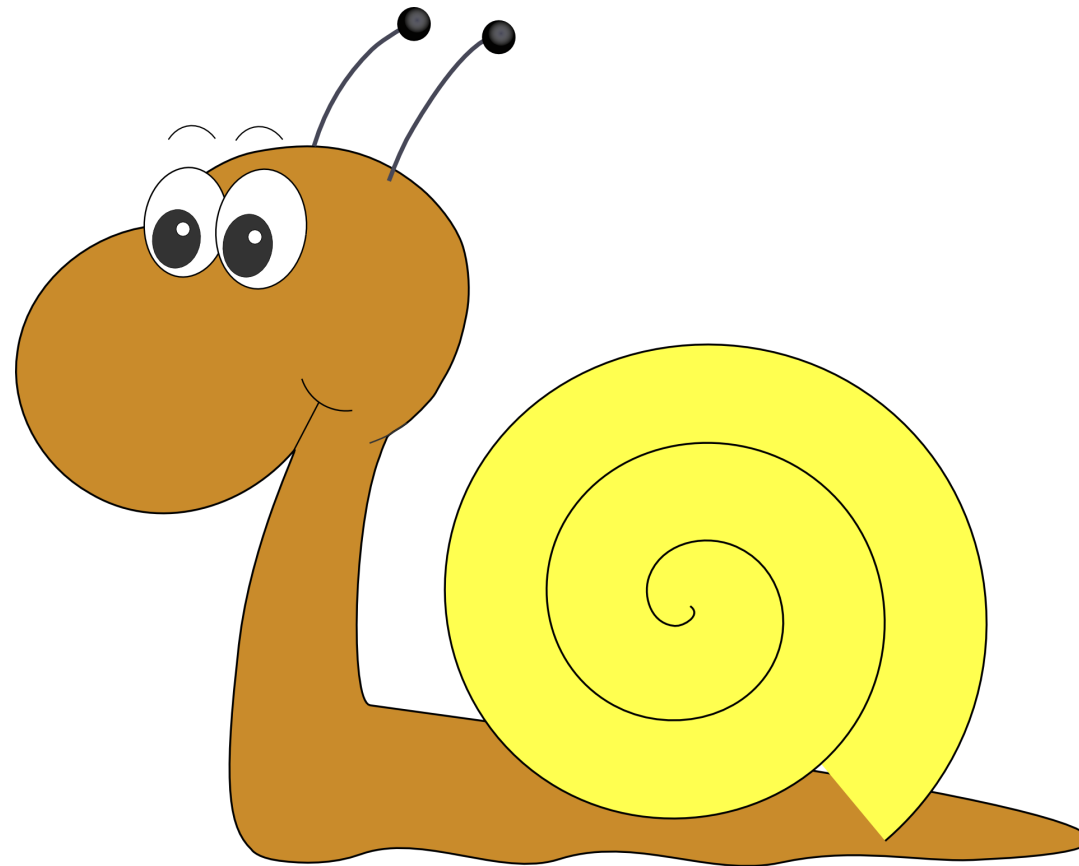

m

Millie mole is neat and small.
She doesn't make a mess at all.
She wipes her feet upon the mat,
Have you ever seen a mole do that?

n

Nell the snail has got to be
The biggest snail you'll ever see.
Naughty Nell set out one night
And nibbled every plant in sight.

O

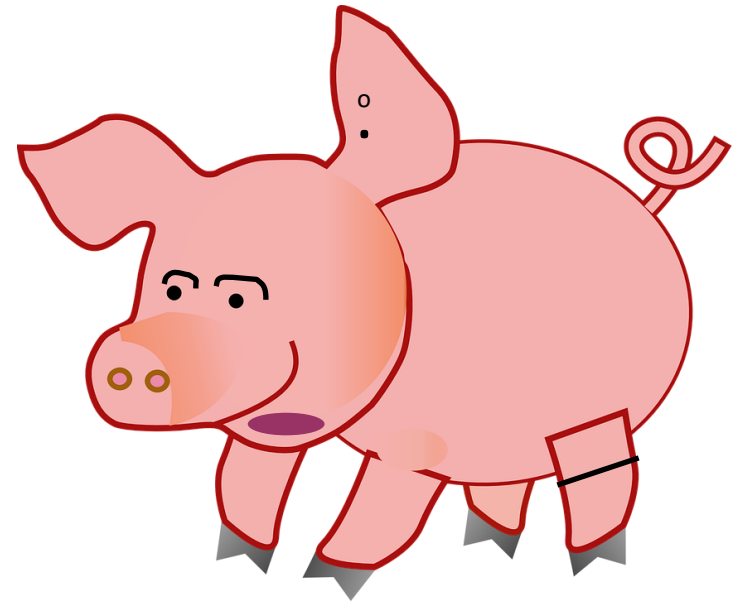

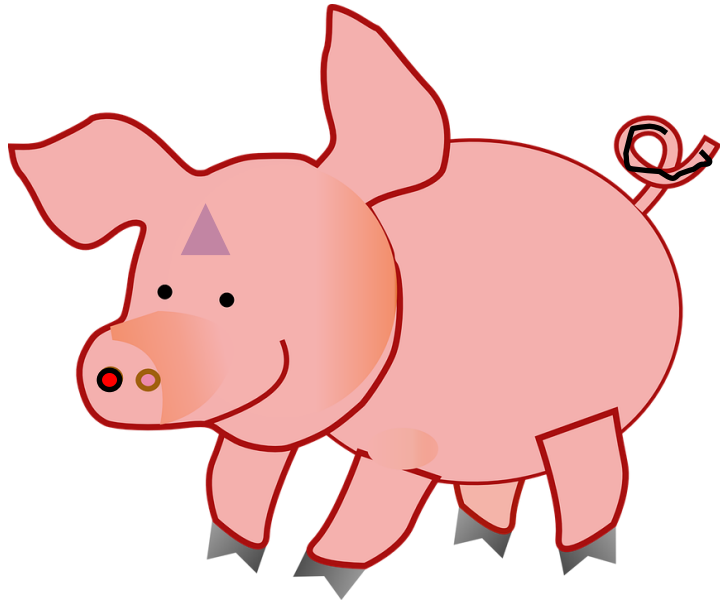

Meet Ollie Owl!

Can you find him in the picture below?

P

Here is Posie Pig! There are eight differences in the two pictures of her.
Can you spot them all?

Q

Here is Quentin Robin!

Robin eggs are white or pale blue.

They lay two broods or batches of eggs a year.

They sing more slowly in the autumn!

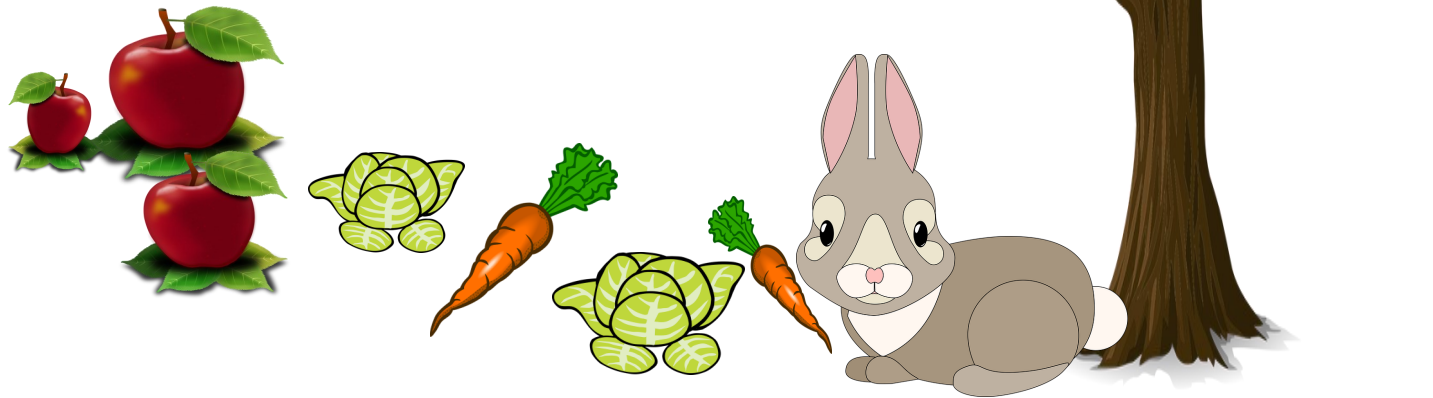

Sometimes they make nests in unusual places like boots.

One of their favourite foods is sunflower seeds.

R

I spy Raji rabbit underneath the tree.
I spy Raji rabbit with a picnic tea!
Apples, carrots, lettuce green,
The best picnic he's ever seen!

S

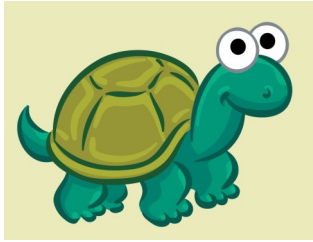

How many acorns has Sammy Squirrel collected?

T

Can you help Tina tortoise
find her way out of the
maze?

4

This is Ursula beaver.

Can you think of other words that have the letter and sound U in?

'U' for **U**rsula,

'U' for **u**p.

'U' a letter you find in **cu**p.

'U' for **u**mbrella.

Under and **u**s.

'U' a letter you find in **bu**s.

Vincent frog lives on the pond with all his friends. Can you count all the frogs on this page?

V

W

Have you seen a wiggly worm
Who wears a woolly hat?
He wears a bright red welly!
Have you seen a worm like that?

X is a letter at the end of box.

X is a letter you find in fox.

X is a letter that means a kiss.

Can you draw an X like this?

Y

Have you seen my butterfly?
Her wings are pink and green
She lives out in my garden
The prettiest ever seen.

Have you seen my butterfly?
Please tell me if you do.
I don't know why she flew away.
I really wish I knew.

Z

Here is Zen the wren! Can you find him hiding in Little Chestnuts Wood?
